Additional Information Request 3

Posted September 5, 2014, 9:00 AM

Note: This request is for further clarification of "Additional Information Request 2" posted September 4, 2014.

Q. In the RFP you specifically ask that a non-collusion certificate be added. This is not included anywhere in the RFP, nor is it anywhere on the link you sent me. That is why I am asking you if this is a form we need to fill out? If not, what is it? What does it mean, and what do we need to do to fill this requirement?

Also, in the RFP you ask that an addendum certification be added. Do you just want us to include the new addendum page, or do we need to fill out something else for it?

R. The non-collusion certificate can be executed on the bidders own form or letterhead and submitted with the proposal and should be signed by the bidder's authorized representative and include wording to the effect that the proposal has been made in good faith and without collusion or fraud with any other person or entity.

Should an addendum to the request for proposals be made, an addendum certification will be included as part of the addendum. As of the date and time of this posting, no addenda have been made to the request for proposal.

NOTHING FOLLOWS, 9/5/14, 9:00 AM
