Annual Hydrant Flushing November 10th

(November 2, 2015)- The Town of Berlin will be flushing all municipal hydrants on Tuesday November 10, 2015 beginning at 9 a.m. Mayor Gee Williams said that if you experience any discoloration in your water, while the distribution system is being flushed, please let your water run for approximately one minute and it should clear up. The hydrant flushing will be complete in all neighborhoods within 24 hours.

The rain date for this item is Thursday, November 12th. The Town of Berlin appreciates everyone's cooperation and patience during this annual routine hydrant maintenance. Questions and concerns should be directed to Water Department Superintendent, Marvin Smith at 410-641-2414.
